## Heavy Vote Needed for Bond Issue

Plans to get out a record vote next Monday, June 9, seem to assure the carrying of the school bond issue of \$100,000. The only thing likely to defeat the issue is the overconfidence which contributed to the defeat of the proposition at the last school election.

There is some merit in the claim that defeat was due to inadequate voting facilities. The fact remains that the opposition voted, while many people who favored the bonds were not determined enough to stand in line for an hour in order to register their YES.

People who favor this big advance movement for Sierra Madre should take no chances, but go to the polls and vote. There will be ample accommodations this time to avoid delay.

#### Size of School

Some question has been raised as to the wisdom of making the present school larger as against the policy of establishing another school in another part of the city. An important opinion was rendered the Pasadena school board on this question last week by Dr. F. W. Hart of the University of California, who is making an expert survey of Pasadena schools.

Elementary schools should be planned to accommodate 900 pupils, in the opinion of Dr. Hart. Investigations all over the country show that the policy of fewer and larger elementary schools is at once the most efficient and the least expensive. In the light of this expert opinion it will be seen that Sierra Madre's school has not yet come near this ideal in size.

"People who argue for a separate unit in another part of town do not seem to realize how greatly it would increase expenses," says R. S. Jensen, school trustee. "It would mean absolute and useless duplication of much of the work of the main school plant, or else the combining of various grades in one room. The expense for supervision and other overhead items would also be increased unreasonably."

#### C. of C. Letter

The following letter has been mailed by the Chamber of Commerce to a large number of citizens. With it was enclosed a postal card asking for an expression of opinion. These postcards have been coming in with an almost unanimous expression in favor of the bonds. The letter was as follows:

The school bond election will be held on Monday, June 9th. The polling place will be at the Kindergarten building on West Highland avenue. Polls open from 8 a. m. to 8 p. m.

The Sierra Madre Chamber of Commerce has approved the bond issue after thorough investigation and study and finds as follows:

1: None of the old buildings are to be torn down. The old buildings will be re-roofed and painted. The old buildings are in excellent condition except as noted.

2: The school needs additional rooms. The first unit of eight rooms will be built and then additional units in the future as needed.

3: The entire frontage on Grand View avenue as well as the 300 feet on Auburn will be purchased. This additional ground is needed and will never be purchased any cheaper than at the present time.

4: The Assembly Hall is badly needed. Every modern school worthy the name now has an assembly hall. The Assembly Hall will be used practically every school day in the year.

The time has come for Sierra Madre to move forward and get in the class of progressive cities. Our city cannot be improved except by voting bonds. We have been a village long enough—Let's move forward. Let's give a full day's schooling to every child.

## Thrice Happy Is Play for Sing Benefit

"High and Happy," which is melodrama with the reverse English, will be given at the Woman's Club house next Thursday night, June 12, as a benefit performance for the Community Sing. Those who are responsible for the play promise all the thrills of the old kerosene circuit days, with heroines, villains and everything, only more so. The name of the play is High and Happy (spelled with an "H" but pronounced without) or the Secret of the Swamp. The piece carries with it all the thrills the name implies.

The leading lady is Miss Edith Blumer. The French maid, Mrs. Ethel Hawks, has a line that appropriately describes Miss Blumer in this part, but you will have to attend the show if you find out what it is. Jack Buchan, well known Scotchman, is taking the part of the hero and carries throughout the play an air of manly resolution stamped across his generous brow. Randolph Wood is the heavy, and so heavy is he that no one should be surprised to hear a man in the audience shout, "Let that there girl alone, young feller, or we'll run out of town after the show." Those who have been wont to refer to Mrs. Cecily Allen as a sweet, kind lady, will have a rude awakening when they see her in the role of accomplice of the terrible Randolph Wood. Mrs. Netta Finlayson is put down as an emotional character, oh, very emotional. Then there is Robert Finlayson (there's one something like him in every family) and Glen Palmer, of which there is always one just outside the family. These well known stars are supported by wedding guests, passengers, stowaways, and desperadoes, in quantities, but not in large enough quantities to interfere with the receipts at the door. All screen rights are reserved, though there may be no trouble about it.

Preceding the play will be a concert vaudeville under the able management of Mrs. J. Milton Steinberger, which will be equal to the reputation that Mrs. Steinberger's productions have already established and will be well worth the price of admission, which makes the play a treat that even a Scotchman can enjoy.

Returning to the play, the publicity man, who is also the only critic to review the show, so far, says it combines spectacular entertainment with intellectual refreshment, though he did not indicate whether the intellect would be stimulated or given a complete rest.

Tickets for this entertainment will sell at a uniform price of 75 cents, without any reserved seats. Persons who cannot laugh without distress are warned to stay away, even though they may want to buy a ticket to help the cause along. Tickets may be obtained from members of the Community Sing.

## Cleanup For Entire City Is Planned

Weeds and rubbish, filth and trash are going to get an awful jolt in Sierra Madre next week, judging by the preparations which have been made by the Chamber of Commerce and the city authorities. The official proclamation of Mayor Sparks is printed on this page and indicates how thoroughly the city will co-operate in the good work.

Various organizations are also taking part, and attention will be focused on some of the eyesores about town which are flaunted in the eyes of the public. Secretary Berg of the Chamber of Commerce reports a general willingness to help the good work along and make the cleanup process as thorough as possible.

## Proclamation!

*Public proclamation is hereby made by the City of Sierra Madre that the week commencing June 8th, 1924, is hereby set aside as, and declared to be, "City Beautiful Week."*

*All citizens of Sierra Madre are hereby called upon to devote this week to cleaning up and beautifying their premises, to the end that we may have a more beautiful and attractive Sierra Madre.*

*Free hauling will be furnished during this week for all cans, bottles (empty), glass, wire and metals, which shall be placed in separate receptacles for same; also for all papers, trash and rubbish that can be burned and which shall be placed in boxes or heaps convenient for removal. (Do not include any kind of garbage.)*

*Trips will be made every morning by trucks and wagons to gather up and remove all the above described materials when they are placed in front of the premises ready for removal.*

*The hearty co-operation of all the inhabitants of our City is earnestly requested to make this campaign, sponsored by the Chamber of Commerce, a great success.*

*Yours for a brighter and cleaner "City Beautiful."*

*(Seal)*

*J. D. SPARKS,  
President of the Board of Trustees.*

*Attest:*

*L. DIETZ, City Clerk.*

*Sierra Madre, California, June 4th, 1924.*

## STRONG PLEA FOR ADEQUATE SCHOOL PLANT

Sierra Madre, June 5—Editor of the Sierra Madre News, Dear Sir: It seems advisable for those interested in the somewhat momentous question that confronts the community to take advantage of the hospitality your columns offer, by an expression of opinion therein, thereby bringing both sides of the question to the light. A bond issue of one hundred thousand dollars sounds like a lot of money, enormous increase of taxes is suggested, quibbling in regard to locality arises and doubt of the real need is voiced by some of those who, possibly, have not acquainted themselves with all the factors in the case.

To take up the question of the large sum necessary: Are we not all of us aghast at the large sums that are necessary if we live at all, or even die in these times? But does the enormous increase in living cost cause us to instantly curl up and die, as a family? And if our circle has increased from two to five, or six, do we expect to operate household expenses on the same basis as when the family was smaller? It is well to apply what we have learned from personal experience, to this larger, more impersonal question. Also in regard to the suggested extravagance of the proposition, from

the standpoint of what other communities are doing around us, it is not extravagant, and if we fall below the average in school matters, business in the town, of every kind, suffers, and we inhibit the healthy growth.

### Central Location Best

The locality of our school is already established and is most impartially central. Personal considerations and likes and dislikes have always to be set aside and give way to the march of progress. It surely is a sign of progress that our school has outgrown its present equipment as our children have outgrown their last year's clothes. There is no use sighing over it, we simply have to be good sports and buy them new ones.

Centralizing the school plant is the motto of the day and is a logical development of the cost and comfort of modern equipment. At present there is not enough demand concentrated at any one point on the circumference of our circle to make the small school house in such a situation practical. That will come with further growth.

To explain briefly further points not understood: The increase in taxes would be in the neighborhood of thirty cents on the hundred—not three times that amount that rumor has made current.

The proposition is to purchase the entire Grand View frontage between Hermosa and Auburn and 300 feet south on Auburn from Grand View. None of the old buildings will be

torn down at present but will be used with the proposed new building of eight rooms and assembly hall.

### Assembly Hall Vital Need

The assembly hall I mention last because it is the very climax of our needs, as townspeople and for our schoolchildren. Everyone will admit that we have not adequate seating capacity in any one auditorium for our population, or if they refuse to admit it, they have not for some years tried to squeeze in to the commencement exercises, or stood on tiptoe in the doorway to see a show.

One need hardly dwell on the glory of school spirit for we all must recognize its usefulness in the right development of future citizens, and the unifying influence of a place in which to unite would seem to be obvious.

Although I have not exhausted my reasons for resolving to make my X for the school bonds I may have exhausted the patience of your readers, so, with the hope that our electors will be long-sighted enough to give the children what they need, (and remember when we buy that new suit we always allow something for further growth.)

I remain respectfully yours,

CECILY A. ALLEN.

Dr. James M. Campbell of Claremont is spending a week at the Sierra Madre hospital. He has made some recovery from his recent serious illness and hopes to gain further benefit from treatment here, a hope which will be shared by his many friends in Sierra Madre.

## Mrs. Lawless Declines to Take Office

Declining to serve as president of the Woman's Club another year, but offering support and assistance to the incoming administration, Mrs. W. J. Lawless has presented her resignation to the club board in a letter dated Monday, June 2.

Mrs. Lawless was re-elected president at the annual election on Wednesday of last week. Her name was the only one regularly presented as a candidate in time to be printed on the ballot. A considerable number of club members, however, wrote in the name of Mrs. H. R. Allen, vice president during the past year. While it was well known that various matters of club policy had involved differences of opinion and efforts had been made to secure a rival candidate to agree to go upon the ballot, no formal nomination was made.

The writing of Mrs. Allen's name appeared to be the result of concerted action by a number of members just at the time of the election. Mrs. Allen herself was on the way north for a visit to her old home in Idaho.

The letter to the board bearing the resignation of Mrs. Lawless was as follows:

Sierra Madre, June 2: To the Board of Directors, Sierra Madre Woman's Club.

Dear Friends: In declining the office of president for next year in favor of the minority candidate, my friend, Mrs. H. R. Allen, I am glad to pledge to her and to the incoming administration any support and assistance I am able to give.

I wish also to express to you the pleasure I have found in the comradeship our service has brought.

Certain conditions prevent my taking office for another year, and the circumstances attending the election last Wednesday when I was made a party to a contest without that fact being openly and fairly known would alone justify my declining to serve.

With best wishes for the coming year, I am, very sincerely,

IDA LAWLESS.

The president's resignation creates a vacancy which the club by-laws provide shall be filled by the club board. The pledge of support and assistance on the part of Mrs. Lawless appears to forestall any prospect of a partisan split in the club ranks or any break in its activities.

## O. E. S. Chapter Visits Monrovia

Members of the Get Together club of the Order of the Eastern Star were entertained Wednesday afternoon at the home of Mrs. L. E. Steinberger, who was assisted by her daughters, Miss Elizabeth Steinberger, Mrs. Milton Steinberger, Mrs. L. E. Steinberger Jr., and Mrs. Guy Steinberger.

Officers and members of Sierra Madre Chapter to the number of forty joined with Monrovia Chapter Tuesday night in entertaining the matrons and patrons of Southern California at the new Monrovia Masonic Temple. The guests were welcomed by Mrs. Hazel Morgridge, matron of Sierra Madre chapter. The delightful program which followed was provided largely by Sierra Madre chapter. Mrs. George Norris gave an artistic whistling solo. Mrs. Donald C. Ashmore sang popular hits, with chorus consisting of Misses Mary Allen, Mary Jameson, Marie Jenkins, Helen Waggoner, Nancy Davis, Virginia Barbour, Betty Moore and Mrs. Ralph Stover. "Lover of Damascus" was given as a musical reading by Mrs. Milton Steinberger, the beautiful Woodford-Finder music being rendered by Mrs. Homer Glidden, cornet, and Mrs. Morgridge. Oriental setting and costumes with Frances Glidden as incense bearer made a beautiful effect. Following the program, a delicious supper was served in the banquet room.

## Right Here at Home! WISTARIA THEATRE *Sierra Madre*

For Week Beginning June 7

Saturday Matinee and Evening and Monday Evening—  
**THE MASK OF LOPEZ**

FRED THOMPSON and his horse, SILVER KING. This is the first of the Thompson group. He is the world's champion all-around athlete and stunt man. If you love and admire a beautiful, intelligent horse, you will want to see these Thompsons. They are stories of the great open West. Rich in scenic value and lots of high-powered thrills. Silver King does some wonderful acting. She is the "PET" of the Wistaria Theatre and I'm sure you don't blame us. If you haven't seen her you have missed a treat.

Tuesday and Wednesday—

**LUXURY**

RUBY DE REMER, the most beautiful woman in America. A picture all the ladies will enjoy; also the men who admire a beautiful woman. We all crave luxury—until we get it. They certainly had things fine, but even luxury and riches have their drawbacks, and robbery is always stalking near. Money cannot buy everything and Old Man Trouble visits the rich as well as the poor.

Seventh Chapter of comedy—FIGHTIN' BLOOD.

Thursday and Friday—

**JACK O' CLUBS**

Herbert Rawlinson, Ruth Dwyer, Harry Mann, Esther Ralston and John Fox, Jr. A comedy-drama. A fighting Cop let his heart get the best of his head and nearly lost his nerve; then won everything—a beautiful bride and the respect of the East Side toughs.

Comedy—THE FEATHER PUSHERS.

Also—INTERNATIONAL NEWS reel.

Saturday and Monday Evening—June 14

**NORTH OF NEVADA**

Fred Thompson and Silver King. BABY PEGGY in THE FLOWER GIRL. We are repeating this combination. Both are artists in their line, and will please the whole family.

## 1,000 Scouts In Contests At the Bowl

The greatest national asset is Boy. Everybody is or should be interested in the boy and his development. With this in view everybody should plan to attend the annual outdoor contest of the Boy Scouts of America to be held in the Pasadena Rose Bowl (stadium) at 1 o'clock next Saturday, June 7th. There are 65,000 free seats and the citizens of our community are cordially invited.

This promises to be one of the greatest spectacles of its kind ever seen in Southern California as there will be over 1,000 Boy Scouts in action at the same time.

The contest events which are being participated in by all of the Scout troops under the jurisdiction of the Pasadena Council, Boy Scouts of America which includes the scouts in our own community are: Inspection, semaphore signalling, scout pace, wall scaling, equipment race, water race, water boiling contest, bugling and archery.

**Variety of Contests**

In addition to the contest events during the inspection many special features in the form of demonstrations will be presented, among which are: Erecting a quick signal tower by the members of Troop 4 of Pasadena; a novel demonstration in bandaging by Troop 1 of Avalon, Catalina Island; bridge-building and tent construction by Troop 28 of Pasadena; "deer hunting" a novel archery demonstration by Troop 1 of Azusa; demonstrations in radio; the 57 uses of the handkerchief; the bicycle patrol; and the bugle and drum corps by Troops 9, 11 and 24 of Pasadena; a spectacular smoke scene during which will be shown fireman's drag; firearms carry, and the Schaffer method of artificial respiration by Troop 27 of Pasadena.

Troop 1 of South Pasadena will demonstrate the following carrys for injured people: One army carry, two-arm carry, neck carry, back carry and chair carry.

Nemetics or modernized exercises will be shown by Troop 10 of Pasadena; a camp scene will be the feature of Troop 1 of Sierra Madre.

Troop 12 of Pasadena will construct a quick "lean-to" with a giant rope; Troop 28 will demonstrate knot tying and Troop 1 of San Marino will demonstrate litter drill. Troop 2 of Monrovia will demonstrate the new humorous side of camp life by presenting a few stunts; Troop 5 of Pasadena will demonstrate fancy pyramids and signal tower pyramid; Troops 1, 2 and 3 of Monterey Park will demonstrate fancy drill.

One of the big features of the occasion will be the use of the famous loud speaking apparatus which is to be installed by the City of Pasadena for the occasion. This elaborate instrument will make it possible for those in the audience to hear everything that is said.

**Executive Staff**

To handle this great demonstration the following staff has been appointed: Directors, Vernon L. Baird, field executive, and Tallman H. Trask, scout executive; assistants, R. E. Winchester, field executive, Scoutmaster Rutherford of Monterey Park, Scoutmaster A. G. Barr of Troop 23 of Pasadena, Mr. J. B. McNary of Eagle Rock public schools and Deputy Scout Commissioner of Eagle Rock, and Mr. A. G. Bonner, deputy scout commissioner of Pasadena district.

The judges will include Theodore Pfalzgraff, secretary to the regional scout executive; Scout Executive O. B. Matthews of Huntington Park, Scout Executive Delmar VonCahn of San Fernando Valley, Scout Executive R. M. Dye of Orange county, Scout Executive Donald Monroe of Santa Monica, Scout Executive H. R. Cheeseman of Glendale, Scout Commissioner J. D. Rinehart and Deputy Scout Commissioners Robert Casemajor, N. L. Pauley, Joseph Leddy and Dr. Paul A. Ferrier.

The timing for the various events will be handled through co-operation of Mr. C. F. Martin of the Community Playground Service.

**Portland Cement**  
*Invented in 1824*

Portland cement is a process and not the patented name of any particular brand of product, as is generally supposed.

This process is about a hundred years old, and although the first American plants for its manufacture were not opened until forty-eight years ago, this country now produces more Portland cement than all the rest of the world combined.

Portland cement was invented by an English mason in 1824. He called it "Portland" because when hardened it resembled an English building stone quarried on the isle of Portland.

## PEOPLE SCHEME A NEW CITY

The people in the county sections just east of Pasadena city limits have dropped their plan for annexation to Pasadena and are now planning the organization of a corporation of their own and will ask for a charter for a city of the sixth class, according to the Lamanda Park Herald.

A meeting was held at the Michilinda Woman's Club House one evening last week and the matter thoroughly talked over. An organization was made, a committee named to take charge, employ an attorney to draft the necessary papers to get the matter under full way.

The boundary lines at present are the Foothill boulevard on the north, the Pasadena city limits on the west, Huntington Drive on the south and the Arcadia city limits on the east. This may be changed, however, and some more territory on both the north and south be taken in. This section will include all that thickly settled part east of the wash, Titleyville, Oak Park, the Backus tract, the Chapman Villa, Michilinda and several other booming subdivisions.

As far as can be gleaned from the promoters, who are all people living within the boundary lines of the proposed new city, the real object of this movement is to drive out the dairies, which they claim is a detriment to that part of the county becoming a desirable place for homes. As the matter will have to be submitted to a vote of all concerned, there is a chance of a nice little election fight out that way.

The people of the Community known as Santa Anita have plans under way to also incorporate and have their own government. Another section to the south is also moving along the same lines and will call theirs East San Marino. Between the three of them there may be a conflict over territory.

## THE HEALTH RISK IS THE SAME

WOULD YOU RISK YOUR LIFE RIDING in a Machine that had some loosened screws or bolts; loose or twisted wires; a rusted or clogged carburetor? No, you would not take the risk. You would have the machine fixed.

BUT YOUR MACHINE—the body—when sick has also its structural defects. To have it become well, it too needs fixing and readjusting.

**When Climate and Diet Are Valuable**

Climate and diet for the body, like oil and gasoline for the machine can not tighten screws or straighten wires. These Forces can only do you the most good after you first readjust the disrelated body structures to mechanical order.

**What Chiropractic Can Do**

Scientific Chiropractic can adjust your bodily machinery with greater success than any other Healing Art. We aid Nature to reestablish Health in your ailing organs by correcting your bodily defects. WHY CONTINUE SUFFERING? TAKE THE CHANCE WITHOUT DELAY. Come and consult me about your ailments.

## Around Our Town

Manager Ove Olsen of the Chaffee store, and Mrs. Olsen, went to Ontario last night to attend the meeting of the Chaffee Employees association, about 300 being present.

The Missionary society of the Congregational church will meet in the church at 2:30 p. m., Tuesday, June 10. There is much of interest to be discussed and there will be a short talk by Dr. Tate. A large attendance is urged.

An afternoon and evening card party will be held at the beautiful home and gardens of Miss Thomasella Graham on June 14, under the auspices of the Order of St. Catherine.

Passenger Agent Charles Cobb of the Santa Fe at Pasadena and District Passenger Agent E. B. Evans of the Canadian National Railways visited Sierra Madre on Wednesday, looking after summer business.

Mr. and Mrs. Henry Isaacs write to Sierra Madre friends from Springfield, Mass., that they have not been favored with very good weather since arriving at their old home, but were still living in hopes.

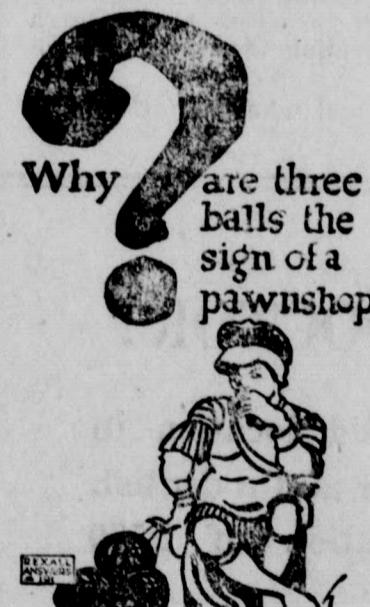

Elder and Mrs. J. H. Moore left Monday for San Francisco by steamer. They will go to Graton where Mr. Moore was scheduled to speak at the commencement of the Bible College. Later they will visit Mrs. Moore's father at Lakeport and return south in August. Having traded their property on West Highland to an Alhambra man, they expect to remove to Fillmore, where they will build a home.

### YUCCA BLOOMS PROTECTED BY COUNTY LAWS

Ignorance of the law protecting yucca plants is costing many motorists heavy fines and threatening imprisonments, according to announcement by the Automobile Club of Southern California. In this connection the auto club is warning all strangers in the state not to yield to the lure of the beautiful white blooms, as two years ago the county passed an ordinance making it unlawful for any person to mutilate or cut any yucca plant, or to pick or eat any blooms or blossoms therefrom, whether such plants are growing on public or private land, under penalty of fine and imprisonment.

This ordinance was passed to prevent the beautiful desert plants from extermination. This is the blooming season and the temptation to motorists is great. Plucking the big blossoms kills the plant, so drastic measures are necessary to save the remaining specimens that form a highly decorative feature of desert travel.

Resident motorists familiar with the campaign to save the yucca are urged to inform visiting motorists that the blossoms must not be disturbed.

—because the Medici family of Italy gained their name from practicing medicine. They became the first money-lenders and used as a sign their coat of arms, which bore three golden "pills." Many save health and money by using

## OLD COLLEGE CHAMP COMES TO WISTARIA

Fred Thomson, world's all-around athlete, army captain, minister in the mining country, and rising film star, will make his first appearance at the Wistaria Saturday afternoon. So sure is Manager Brown of the popularity of the Thomson "Westerns" that he has booked a series of them, the first being "The Mask of Lopez." Thomson's personal popularity is closely linked with the public admiration for his horse, "Silver King." This wonderful animal appears in all his pictures and is said to be one of the most wonderful animal performers ever screened.

Another feature appearing with the Thomson pictures on Saturday is "Baby Peggy" in a two-reel story which will delight every one. Saturday and Monday programs being especially popular with the younger generation, Manager Brown has shown excellent judgment in coupling Baby Peggy with the wholesome Thomson westerns.

"Luxury," which comes on Tuesday and Wednesday, features Ruby DeReamer, said to be the most beautiful woman in America, in a story which proves that people who appear to have most often have the least so far as real satisfaction goes.

Herbert Rawlinson comes Thursday and Friday in "Jack o' Clubs." He gives a wonderful characterization of likeable Jack Foley, the fighting cop, who brought the law into Gang Row and happiness into the life of pretty Tillie Miller.

### BETHANY TEMPLE

Children's Day exercises of Bethany Temple Sunday school will be held next Sunday, June 8, in the church auditorium at 10:30 a. m., when the following program will be presented:

Song by the School, with Orchestra  
Invocation ..... Pastor  
Scripture ..... Responsive

### CHILDREN TO GIVE PROGRAM ON THEIR DAY

Children's Day will be observed in the Congregational church next Sunday with a special program at 9:45 and an appropriate service at 11:00 o'clock. The church school program will take place at the regular school hour. Various classes from different departments will take part, including the little tots who graduate from the primary to the junior department. The school orchestra will also play. A cordial invitation is extended to all parents and friends of the school to attend these exercises.

Dr. Tate will preach at the 11 o'clock service, his topic being, "The Responsibility of the Church for the Religious Education of Children."

#### Guest Choir Program

At the evening service the choir of the Church of the Ascension will furnish a delightful musical program. One number of special interest is "Teach Me, O Lord," by the late Charles Hall Perry. He was organist at the Episcopal church for a number of years, and his son, C. H. Perry, Jr., takes the leading part in the choir. Mrs. Edith Hawhurst who sings the solo was especially coached for this part by the com-

poser. The musical program for the evening will be as follows:

"O Pray for the Peace of Jerusalem," (Knox); Soloist, Mr. Howard Lieben, baritone.

Response to Prayer: "Lord, for Thy Tender Mercy's Sake," (Rogers)

"Teach Me, O Lord," (Perry). Quartet and Solo, Mrs. Edith Hawhurst, Soprano.

Duet: "How Amiable Are Thy Dwellings," (Roberts), Mrs. Randolph Wood, Soprano; Mrs. J. N. Hawks, Contralto.

"The Radiant Morn Hath Passed Away," (Woodward)

A. Matheson, Los Angeles contractor, has purchased one of the sightly lots in Churchill Terrace tract. Captain Barton, sales agent, reports that Mr. Matheson will build a fine home at once.

### MONROVIA MAN WILL SPEAK

### Dr. Mary Groth Changes Office

Sherman J. McQueen of Monrovia, sanitary engineer and prominent civic worker, will be the speaker at the Chamber of Commerce luncheon next Tuesday. Jack Buchan will be chairman for the day.

Last Tuesday's luncheon was without a set program but those attending heard some rattling good short talks by various men. Major C. S. Floyd talked about the proposed American Legion Post; President Earl Thompson, who was present with other members of the Resort Owners' association, talked about the work of that organization; President Stovall of the Chamber of Commerce talked on the formation of a Junior Chamber of Commerce. The object of the latter project is to tie in boys of 16 to 18 years of age who are graduating from the Boy Scout troops with the civic activities of Sierra Madre.

Mrs. George Humphries of 81 E. Grand View returned home Thursday after visiting her daughter, Mrs. Alfred Elwood, of Los Angeles for two weeks.

### EDITORIAL COMMENT

#### Enlisting More Workers

"Why is it," said a Los Angeles banker visiting in Sierra Madre last week, "that in every community and every organization the burden of all that is done is carried by a small group of people? Take any given community and analyze the work of the important organizations which make up the whole. You will find their accomplishments are largely due to the initiative and energy of a relatively small number of people. Many of these persons are at work in several bodies. Their public work takes a disproportionate amount of their time while the great body of the membership contributes little or nothing in the way of time or energy."

This banker's question goes pretty deep into human nature before the answer, or the remedy, is found. Why does anybody take up community work? Some enter it of their volition and some have to be invited or persuaded to undertake it. Of those who go into public work voluntarily a few perhaps have an ambition for the spotlight or some personal advantage. The majority, however, are moved by a sense of responsibility for the doing of things they think ought to be done for the public welfare.

To the latter class are sometimes added others more modest or with less confidence in their ability, who have to be sought out. Once "discovered" and enlisted in public work, they become valuable assets to the community.

If the Chamber of Commerce can find and put to work some of the latter class the effort of the recent expansion campaign will have been justified. That body and every similar body is sometimes accused of domination by a small group. If the truth were known the overworked volunteers who have carried the burdens would doubtless be glad to surrender some of the responsibility.

Personal interest in an enterprise is an important factor in a successful worker. Group meetings now being held by the Chamber of Commerce are bringing out the subjects which the various members believe important. Out of the process should come a valuable analysis of the Chamber of Commerce personnel. It should be possible to enlist a number of capable, interested workers to permit of greatly needed expansion in community work.

Criticism is sometimes made that we have too many organizations in Sierra Madre. There are not too many organizations for a well balanced community life in a city of our size. But there are too few workers for the number of organizations we have. Both the volunteer and selective service system must be used freely to keep things going right.

#### School Bonds Will Win If—

Sierra Madre's school bonds will win next Tuesday—if all those who say they favor them go to the polls and vote. Expressed sentiment is overwhelmingly in favor of the addition to the school plant.

Since the issue was last before the voters much of the misunderstanding due to hasty presentation of the question has been dispelled. School authorities are agreed that some sort of auditorium is desirable. To build a smaller assembly hall for the growing school would be folly. The program does not call for reckless junking of serviceable buildings as some imagined. So far as capacity is concerned, the program is not beyond what ordinary foresight and good judgment require.

Admitting, as everyone does, that more facilities will be necessary by the time the new building can be completed, the program put forward by the school trustees ought to be approved unless a better definite alternative is offered. After months of waiting that has not been done.

Various suggestions have been made of locating a new school in another part of town. Others have proposed building as needed in smaller units. Both plans are open to serious objection on the ground of economy, both of building cost and of administration.

Los Angeles has just approved an immense school bond issue by a vote of 19 to 1. That came on top of a series of bond issues for other purposes, too. Sierra Madre cannot afford to lag in providing the best of school accommodations.

Go to the polls next Monday and take your friends to vote for the bonds.

### NOTICE OF SCHOOL BOND ELECTION

NOTICE IS HEREBY GIVEN To the qualified electors of Sierra Madre City School District of Los Angeles County, California, that, in accordance with the provisions of the Political Code of the State of California, an election shall be held on the 9th day of June, 1924, at the Kindergarten Building, in this School District, between the hours of 8 a. m. and 8 p. m. (during which period and between which hours the polls shall remain open), at which election the question of issuing and selling bonds of said District to the amount of ONE HUNDRED THOUSAND DOLLARS for the purpose of raising money for purchasing school lots, for building or purchasing one or more school buildings or making alterations or additions to any school building or buildings, for insuring school buildings, for supplying school buildings with furniture or necessary apparatus, for improving school grounds, shall be submitted to the qualified electors of said District and voted upon.

The said bonds proposed to be issued and sold shall be of the denomination of One Thousand Dollars each and shall bear interest at the rate of five per cent per annum, payable semi-annually. Said bonds shall be numbered from 1 to 100 consecutive, payable as follows:

Bonds numbered 1 and 2, to run 1 year,
Bonds numbered 3 and 4, to run 2 years,
Bonds numbered 5 and 6, to run 3 years,
Bonds numbered 7 and 8, to run 4 years,
Bonds numbered 9 and 10, to run 5 years,
Bonds numbered 11 and 12, to run 6 years,
Bonds numbered 13 and 14, to run 7 years,
Bonds numbered 15 and 16, to run 8 years,
Bonds numbered 17 and 18, to run 9 years,
Bonds numbered 19 and 20, to run 10 years,
Bonds numbered 21 and 22, to run 11 years,
Bonds numbered 23 and 24, to run 12 years,
Bonds numbered 25 and 26, to run 13 years,
Bonds numbered 27 and 28, to run 14 years,
Bonds numbered 29 and 30, to run 15 years,
Bonds numbered 31 and 32, to run 16 years,
Bonds numbered 33 and 34, to run 17 years,
Bonds numbered 35 and 36, to run 18 years,
Bonds numbered 37 and 38, to run 19 years,
Bonds numbered 39 and 40, to run 20 years,
Bonds numbered 41, 42 and 43, to run 21 years,
Bonds numbered 44, 45 and 46, to run 22 years,
Bonds numbered 47, 48 and 49, to run 23 years,
Bonds numbered 50, 51 and 52, to run 24 years,
Bonds numbered 53, 54 and 55, to run 25 years,
Bonds numbered 56, 57 and 58, to run 26 years,
Bonds numbered 59, 60 and 61, to run 27 years,
Bonds numbered 62, 63 and 64, to run 28 years,

### "IF I WAS GIVING ADVICE To a Bride--

which I am too sensible to do," said Aunt Julia, "I'd tell her that if she keeps her husband thinking he's the most wonderful thing that ever happened, he's not likely to go around hunting for dust in the corners."

"My sentiments on being happily married are—Spend less time on your house and more time on yourself and your husband."

You may not agree with Aunt Julia's diagnosis of men, but hundreds of women will tell you that our laundry does save many valuable hours from household routine.

Shall we save some time for you?

## The only proper place for foods

is in the cold, even temperature of a well filled refrigerator!

All kinds of perishable foods attract disease germs along with the harmless bacteria. They multiply quickly when the chill is off. If enough of them enter the human body, especially of a child, serious illness may often result.

Cold does not kill germs, it merely keeps them dormant and prevents them from multiplying, so that it is necessary to keep food cold all the time. Alternate warming and chilling is harmful.

Keep your ice compartment always well filled. It saves ice and ice saves many times its cost in food!

## Legion Post Gets Impetus At Meeting

Formation of a Sierra Madre Post of the American Legion was brought nearer at the meeting Monday night in the Park house. Formal application for a charter was filled out and signed and arrangements made for future meetings.

Those present at the first meeting included George Norris, Norman Hopgood, James Summertime, Harvey Steinberger, Arthur Evans, Mr. Israel, Dr. C. M. Barker, Major C. S. Floyd, Dr. H. J. Powers, Jack Mitchell and Harold Roberts.

Jack Mitchell was chosen temporary chairman. It was decided to hold the next regular meeting Monday, June 9, when post by-laws and the Legion constitution will be adopted, and general policies of the post will be taken up. Various projects were discussed as deserving the special attention of the post. General opinion centered on Boy Scout work and the definite support of public officials in matters of law enforcement.

Arrangements were made for a special membership drive so the post can start with the largest possible proportion of the 150 to 200 ex-service men residing in Sierra Madre.

### FINAL TENNIS MATCHES DUE ON SATURDAY

The tennis tournament in celebration of the opening of the community courts, reaches its final stage next Saturday, when Victor Hill and Don Jenner play off finals of the singles. This match was to have been played off last Saturday but in the absence of Jenner, Hill generously declined to claim a default and the match will take place tomorrow at 2 p. m. In the absence of either of the players the game will be defaulted.

The men's doubles went to Wood and Tate by default and the mixed doubles to Miss Blumer and Smith by the same route.

A gathering of the players and donors will shortly be arranged for and the prizes presented to the winners.

## Sierra Madre Woman's Club

(Correspondence)

The lawn fete last Saturday at the home of Mr. and Mrs. Lehner was a great success in every way. The beautiful grounds were made ready for guests with Mrs. Lehner's usual abounding hospitality, and during the afternoon the lovely summer gowns of the visitors added to the feast of color. Every department did its best and helped to swell the fund for chairs. The evening was a perfect one for the out of doors dinner. Not too cool to be perfectly comfortable but cool enough to keep the "hot coffee lady" very active.

Every one is delighted with the strong, comfortable, and good looking new chairs purchased with the receipts, and our hearty thanks are due to Mrs. Lehner for her generous help in making the affair possible.

Club members are reminded that they may avail themselves of most of the wonderful opportunities the Biennial offers, although only delegates are seated in the lower floor of Philharmonic auditorium at morning and evening sessions. Afternoon sessions, and the duplicate meetings at the Biltmore theater, are open to all club women, and to any men who are interested in the subjects and speakers. Visitor's badges are issued to all club women showing membership cards at local Directory office, second floor Auditorium building.

Duplicate evening meetings at Trinity auditorium are also open meetings. The remarkable exhibits at the Biltmore and the Auditorium are open to the public, and are illustrative of the departmental work of the General Federation. The Biennial Art Exhibit of one hundred sixty canvases is hung in the Art gallery of the Friday Morning club and is open to the public. The Art exhibit hung in the Galleria Real, and the art gallery of the Biltmore is an unusually comprehensive one.

The book exhibit is in the library of the Friday Morning club.

The president of the Sierra Madre club, Mrs. Lawless, and Mrs. Ingraham, past president, attended the California luncheon, when 1,000 women were addressed by Mrs. Winter, in the beautiful ballroom of the Biltmore. Mrs. Winter's words, "America needs every tool that can be utilized besides the sword. There are the tools of justice and love for humanity to use," will reach many States and foreign countries through the representatives who were stirred by her power and convinced by her logic.

The very heavy expenses of the Biennial are being paid entirely by the clubs of California, by a 50 cent per capita gift. Our club has about 100 members who have not remembered to join in this gift.

### Next Club Meeting

Miss Summerhill's demonstration and exhibit of Corn Products, and Mr. Farman's exhibit of the remarkable ice machine for home refrigeration will constitute an interesting Home Economics session between the Incheon and afternoon programs, next Wednesday. Mrs. Chester Brown and Mrs. Elmer Green will speak at luncheon. Mrs. Stork will present a Browning program, with Mr. Leavitt giving his address, "The Poet of Faith Triumphant." All men in our community are invited to this program. Mrs. W. J. Miller will receive luncheon reservations.

### SCARAMOUCHE IS ATTRACTION AT COLONIAL

"Scaramouche," a Rex Ingram production for Metro Pictures Corporation, adapted from Rafael Sabatini's novel of the same name, will come to the Colonial at Monrovia. This picture, a feature in ten reels, has played special engagements in the larger cities and is one of the masterpieces of filmdom.

Ingram, from all accounts, has surpassed his production of "The Four Horsemen of the Apocalypse" with this picture.

"Scaramouche" is a story of the French Revolution. It tells the romance of Andre-Louis Moreau (Ramon Novarro) and Aline de Kereadiou (Alice Terry). Andre-Louis has been brought up as the ward of Aline's uncle, The Marquis de la Tour d'Azyr (Lewis Stone), a haughty aristocrat and man of fashion, killed Andre-Louis' friend, Philippe, because of his revolutionary sentiments, and on the Marquis Andre-Louis has sworn eternal vengeance. To make matters worse the Marquis is courting Aline. The story is full of thrills, romance and historical interest.

The thirty principal characters in "Scaramouche" include, beside Ramon Novarro, Lewis Stone and Alice Terry, who were the triumvirate that appeared in Ingram's "Prisoner of Zenda," Lloyd Ingraham, Julia Swayne Gordon and Edith Allen.

## TRUCK LINE TO OPERATE TRI WEEKLY

Manager R. J. Walsworth of the Sierra Madre Feed & Fuel has received from the state railroad commission a permit to operate a freight truck line between Sierra Madre and Los Angeles. Regular service will start June 9, and will make trips on Tuesdays, Thursdays and Saturdays.

Los Angeles headquarters for the truck line will be at 328 East Pico street. Mr. Walsworth expects to use his big truck so he can haul anything offered. The truck will leave the warehouse at 97 E. Montecito at 8 a. m., and leave the Los Angeles headquarters at 11 a. m.

In view of the assurances of support given him Mr. Walsworth is hopeful that business will soon justify daily service. Shipments coming from Los Angeles may be delivered at 328 E. Pico, or within certain limits will be picked up on order.

### NOTICE OF AWARD OF CONTRACT

Pursuant to Statutes and to the Resolution of Award of the Board of Trustees of the City of Sierra Madre, adopted May 22nd, 1924, directing this notice, notice is hereby given that said Board of Trustees in open session, on the 22nd day of May, 1924, publicly opened, examined and declared all sealed proposals or bids offered for the following work, to-wit:

That MERRILL AVENUE between the Northerly line of Highland Avenue and the Southerly line of Laurel Avenue including all terminations with terminating streets and alleys be improved by certain grading and by the construction of certain two (2) inch oiled macadam pavement, cement curbs and concrete gutters and that

LAUREL AVENUE including its termination with Baldwin Avenue and all terminations with terminating streets and alleys between a line twelve (12) feet Westerly from and parallel with the Easterly line of said Baldwin Avenue and the Westerly line of Mountain Trail Avenue, be improved by certain grading and by the construction of certain two (2) inch oiled macadam pavement, cement curbs, cement sidewalks and concrete gutters, and all other work or improvement described in Resolution No. 170, being the Resolution of Intention for said work or improvement, in the manner and within the limits designated in said Resolution, and reference is hereby made to said Resolution for a further and more complete description of said work or improvement and the description of said work or improvement in said Resolution contained is hereby expressly adopted and made a part hereof, the same as though fully set forth herein.

That all of the work aforesaid shall be done in accordance with and to the grades shown on Special Improvement Plans, Cross-sections and Profiles No. 101, 102 and 103 on file in the office of the City Engineer of the City of Sierra Madre and in further accordance with Special Specifications for said work on file in the office of the City Clerk of said City, adopted by the Board of Trustees of the City of Sierra Madre by Resolution No. 168 of said City. Said Special Improvement Plans, Cross-sections and Profiles and Special Specifications are hereby referred to for full and detailed description of said proposed work or improvement, and for the description of the grade to which the work is to be done and are made a part hereof.

That the said work or improvement, in the opinion of said Board of Trustees of said City, is of more than local or ordinary public benefit, and said Board of Trustees declares that the district to be benefited by said work or improvement, and to be assessed to pay the costs and expenses thereof, is described in said Resolution of Intention No. 170 to which said Resolution reference is hereby made for a description of said district.

That said Board of Trustees also determines and declares that serial bonds bearing interest at the rate of seven per cent (7%) per annum shall be issued to represent each assessment of twenty-five dollars (\$25.00) or more remaining unpaid for twenty (20) days after the date of the warrant. Said serial bonds shall extend over a period ending nine (9) years from the second day of January next succeeding the fifteenth day of the next November following their date. Payments on the principal of unpaid assessments and interest shall be made by property owners to the City Treasurer and the same shall be disbursed by him, all as provided in the "Improvement Act of 1911," hereinafter referred to.

That the proceedings for the aforesaid improvement shall be had and taken under and in accordance with an Act of the Legislature of the State of California designated and known as the "Improvement Act of 1911," approved April 7, 1911, and under all Acts supplementary thereto or amendatory thereof.

And thereafter, to-wit: On the 29th day of May, 1924, said Board of Trustees awarded the contract for said work to the lowest, regular, responsible bidder, to-wit:

To H. H. Steinberger, at the prices named for said work in his proposal, on file, to-wit:

11 1/2 cents per square foot for oiled macadam paving and grading.

55 cents per lineal foot for cement curb.

18 1/2 cents per square foot for cement sidewalk.

24 cents per square foot for concrete gutter.

Sierra Madre, California, June 4th, 1924.

L. DIETZ,  
City Clerk and Ex-Officio Clerk of  
the Board of Trustees of the  
City of Sierra Madre.

## Seven years of thorough satisfaction

The Overland Freight Transfer Company of San Francisco operates over 125 pieces of automotive equipment, ranging in size from 10-ton Kleiber and G. M. C. tractors and 6-ton Doane trucks to Ford roadsters, all of which are probably subjected to as severe usage as any fleet of trucks in California.

This Company has ample facilities for testing out various lubricating oils and basing their choice on proven success in service. They write:

"After seven years of thorough satisfaction covering the lubrication of our equipment with your Zerolene oils and greases, we are more than pleased to again enter into a contract for our requirements."

In spite of the fact that many automotive engineers are of the decided opinion that the most suitable crude for the manufacture of an automobile lubricant is produced right here on the Pacific Coast, a certain proportion of the motoring public is still influenced by the superstition that there is something mysteriously "better" about eastern oils, just because they cost more.

Why pay tribute to a superstition? The Zerolene-lubricated car develops better gasoline mileage, accumulates less carbon, costs its owner less for upkeep, and lasts longer.

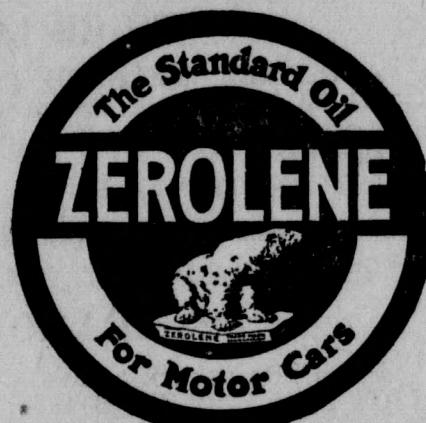

Insist on Zerolene—a better oil—even if it does cost less.

### ZEROLENE F for FORDS

—the Standard Oil Company's new improved oil for Ford cars "Feeds Those Oil-Starved Fords."

### STANDARD OIL COMPANY (CALIFORNIA)

## Great Growth In 14 Years of Scouting

Fourteen years of eventful history and phenomenal growth in Scouting were recorded at the fourteenth annual meeting of the National Council Boy Scouts of America, recently held at St. Louis. Veteran leaders who have sponsored the movement since its first days, nationally known financiers and business men, captains of industry, representatives of various professions, prominent officials of church and school, were among the 202 members in attendance. From President Coolidge, honorary President of the Boy Scouts of America, came the following special message to the convention:

"Please extend to the Boy Scouts of America my greetings and good wishes. The future of our country is in the hands of the boys of today, and I believe that the Scout Movement, with its ideals of service and honorable conduct, helps to make that future secure."

### A \$10,000,000 Scout Fund

Arrangements for the establishment of a \$10,000,000 Boy Scout endowment fund, the income to be used to bring the benefits of Scouting to the 6,000,000 boys of Scout age not yet within the ranks, was one of the big things decided upon at the meeting. Clarence H. Howard, head of the Commonwealth Steel Company, and president of the St. Louis Scout Council, was made chairman of the committee for raising the fund.

The Seascout program, which is now under revision, received special attention, and plans were made to develop the work more intensively.

### Note Water Safety Work

The department of camping reported on the nation-wide campaign for water safety now in progress. The Supply department noted the fact that over a million dollars worth of business had been done during the year. The report of Boys' Life showed that the Audit Bureau of Circulation had estimated the circulation of the magazine at 107,977, with gross earnings of \$249,531. Free publicity in seven magazines and the display of 10,000 car cards were items in the report of the Publicity department. The Field department brought out the point that 536 first-class councils now exist, with the Philippine Islands recently added.

### For World Brotherhood

The international relations of Scouting were discussed, and the possibilities for universal peace through the spread of Scout ideals of friendship, democracy and brotherhood were emphasized by the report of the Foreign Relations committee, which declared that the Boy Scouts of the world had the opportunity of becoming a great Junior League of Youth

for preservation of world harmony and understanding.

The forthcoming international Jamboree at Copenhagen, Denmark, this summer, was characterized as the most significant gathering of boyhood ever held in the history of the Movement.

Justice James C. Cropsy of the Supreme Court bench of New York, in one of the most powerful addresses of the convention, declared he had become affiliated with the Scout Movement because of his conviction of its remarkable influence in preventing delinquency, which fact had come forcibly to his attention by the lack of Scout offenders in the enormous percentage of juvenile wrongdoers. Justice Cropsy made a plea to men to give more of their time as Scout leaders in preventing crime.

President Coolidge was re-elected honorary president, and Colin P. Livingstone for the fifteenth time was elected active president.

Three thousand Boy Scouts of the District of Columbia, Maryland and Virginia witnessed the farewell appearance May 19 of the American Olympic team at Griffith Stadium, Washington. The invitation was officially extended through the local Scout executive.

"Every Scout is an athlete and a prospective athletic champion," said Colonel R. M. Thompson of the Olympic Games committee. "Every Scout is also taught to cultivate and revere the virtues of patriotism and to be a true-blue American. Membership in the American Olympic team is the highest prize for which the athletic youth of our nation have to strive, and competition under the American flag against the world's best athletic talent is a high privilege and a duty of which any patriot may be proud."

### BONUS PLANS IN OPERATION

Applies to all who served in the World War up to and including captains in the army and marine corps, lieutenants in the navy, first lieutenants in the navy, first lieutenants in the engineers and passed assistant surgeon in public health service.

The adjusted service credit is on the basis of \$1 per day for home service and \$1.25 for overseas service for the period of active service in excess of sixty days.

Adjusted service credit is limited to \$500 in the case of home service and \$625 for overseas service.

Those whose adjusted service credit is \$50 or less will receive compensation in cash.

Cash payments provided for beneficiaries of veterans who have died.

All others receive a 20-year endowment insurance policy, the face value of which is the adjusted credit service increased by 25 per cent plus interest at 4 per cent compounded annually for 20 years.

The average certificate face value is estimated at \$962.

The certificate is payable in full at the end of 20 years or prior to that time in case of death.

At the end of two years veterans may borrow on their certificates from banks which may obtain reimbursement from the government in case of default.

### WHEN JOSHUA JOLLED JERICHO

Joshua was told to march his army around the walls of Jericho for seven days, once on each of the first six days; and on the seventh day to march around seven times and blow his trumpets, and the mighty city of Jericho would fall.

When Joshua explained the plan the army was enthusiastic, though of course there were some doubters. The army marched around the walls one day and some wanted to stop a path around the city day after. The anvil chorus said that there was

not a crack in the walls, that the whole scheme was a hoax and that Joshua was a joke.

But Joshua was determined. He was going to see it through to a finish. While the knockers were panning his idea Joshua was beating day. Then the seventh day came and the prophecy of the Lord came true. The walls crumbled and fell and the army poured into the city.

There are some advertisers like the knockers in Joshua's army, who want to stop before the returns come in. They expect advertising to perform miracles, while advertising can only do wonders. Successful advertisers are the Joshuas of business. They have faith that the walls of opposition will fall under the force of advertising. They are successful business men today. Reiproof.

### NOTICE OF PUBLIC WORK

PUBLIC NOTICE IS HEREBY GIVEN, That on Thursday, the 1st day of May, 1924, the Board of Trustees of the City of Sierra Madre, California, did, at its meeting on said day, pass a Resolution No. 183 declaring its intention to order the following street work to be done, to wit:

To close up and vacate that portion of Grand View Avenue in the City of Sierra Madre, described as follows, to-wit:

All that portion of Grand View Avenue also known as Kinney Road in the City of Sierra Madre, described as follows, to-wit:

Reference is hereby made to said Resolution of Intention No. 183 on file in the office of the City Clerk of said City of Sierra Madre for further particulars.

A. M. UDELL,  
Street Superintendent of the City  
of Sierra Madre.

Dated this 8th day of May, 1924.

### RESOLUTION OF INTENTION

NO. 191

A RESOLUTION OF THE BOARD OF TRUSTEES OF THE CITY OF SIERRA MADRE DECLARING ITS INTENTION TO IMPROVE A PORTION OF LAUREL AVENUE IN THE CITY OF SIERRA MADRE AND DECLARING SAID WORK OR IMPROVEMENT TO BE OF MORE THAN LOCAL OR ORDINARY PUBLIC BENEFIT AND DESCRIBING THE DISTRICT TO BE BENEFITED BY SAID WORK OR IMPROVEMENT AND TO BE ASSESSED TO PAY THE COSTS AND EXPENSES THEREOF AND DETERMINING THAT SERIAL BONDS SHALL BE ISSUED TO REPRESENT SAID COSTS AND EXPENSES AND FIXING A TIME AND PLACE FOR HEARING OBJECTIONS TO SAID WORK OR IMPROVEMENT OR TO THE EXTENT OF THE DISTRICT TO BE ASSESSED OR BOTH.

The Board of Trustees of the City of Sierra Madre do resolve as follows:

SECTION 1: That the public interest and convenience require and that it is the intention of the Board of Trustees of the City of Sierra Madre to order the following street work and improvement to be done, to-wit:

#### LAUREL AVENUE

between the Westerly line of Baldwin Avenue and the Easterly line of Auburn Avenue including all terminations with terminating streets and alleys be improved by certain grading, and by the construction of certain two (2) inch oiled macadam pavement, cement curbs, cement sidewalks and concrete gutters.

SECTION 2: That all of the work aforesaid shall be done in accordance with and to the grades shown on Special Improvement Plans, Cross-sections and Profiles No. 109 on file in the office of the City Engineer of the City of Sierra Madre and in further accordance with Special Specifications for said work on file in the office of the City Clerk of said City, adopted by the Board of Trustees of the City of Sierra Madre by Resolution No. 190 of said City. Said Special Improvement Plans, Cross-sections and Profiles and Special Specifications are hereby referred to for full and detailed description of said proposed work or improvement, and for the description of the grade to which the work is to be done and are made a part hereof.

SECTION 3: That said contemplated work or improvement in the opinion of the Board of Trustees of said City of Sierra Madre is of more than local or ordinary public benefit, and said Board of Trustees hereby makes the expense of said work or improvement chargeable upon a district, which district said Board of Trustees hereby declares to be the district benefited by said work or improvement and to be assessed to pay the costs and expenses thereof; which said district is bounded and described as follows:

All that portion of said City of Sierra Madre included within the following described exterior boundary line, to-wit:

Beginning at the Northeast corner of Lot 3 of the Deutsch Subdivision as per map recorded in Book 21, Page 31, Miscellaneous Records of Los Angeles County, California; thence Westerly along the northerly line of said Lot 3 to the Northwest corner of said Lot 3; thence Westerly in a direct line to the Northeast corner of Lot 8 of the said Deutsch Subdivision; thence Westerly along the Northerly line of said Lot 8 to the Northeast corner of Lot 14 of the Norris Tract, as per map recorded in Book 17, Page 61, Miscellaneous Records of Los Angeles County, California; thence Westerly in a direct line to the Northwest corner of Lot 8 of the said Norris Tract, said corner also being the Northeast corner of Lot 2 of the Aspinall Tract, as per map recorded in Map Book 5, page 152, Records of Los Angeles County, California; thence Westerly along the North line of said Lot 2 to the Northwest corner thereof; thence Southerly along the Easterly line of Auburn Avenue to a point in the said Easterly line distant thereon three hundred fifty (350) feet from said Northwest corner of said Lot 2 or said Aspinall Tract; thence Easterly in a direct line to the Southwest corner of Lot 15 of the aforesaid Norris Tract; thence Easterly in a direct line one hundred fifty (150) feet Southerly from and parallel with the Southerly line of Laurel Avenue to a point in the Westerly line of Baldwin Avenue; thence Northerly along the said Westerly line of Baldwin Avenue to the point of beginning, excepting from said district any portion of any public street or alley which may be included therein.

The above description is general only. A map of said district indicating by a boundary line the extent

(Seal)

### Leather, Not Weather, No Doubt Responsible

Many persons say their corns warn them of changes in the weather, but the corn is probably merely registering the changes in the area of the leather in the shoe.

This varies with the amount of moisture in the air. A 2 per cent change from normal either way is about all the average foot can stand without discomfort.

Recently J. A. Wilson gave the New York section of the American Chemical Society the results of experiment of pinching may depend on the kind of tanning used on the leather. He found that chrome leather absorbed more water from the air than did vegetable tanned calf, and was subject to much greater changes in area with much more likelihood of pinching.

of the territory included in the proposed district, Numbered 110 adopted by the Board of Trustees by Resolution No. 190 on Thursday, the 29th day of May, 1924, is on file in the office of the City Engineer of said City. Reference is hereby made to said map for a further, full and complete description of said assessment district. The said map on file shall govern for all details as to the extent of the said assessment district.

SECTION 4: The said Board of Trustees also determines and declares that serial bonds bearing interest at the rate of seven (7) per cent per annum shall be issued to represent each assessment of Twenty-five (25) Dollars or more remaining unpaid for twenty days after the date of the warrant. Said serial bonds shall extend over a period ending June (9) years from the second day of January next succeeding the fifteenth (15) day of the next November following their date. Payments on the principal of unpaid assessments and interest shall be made by property owners to the City Treasurer and the same shall be disbursed by him, all as provided in the said "Improvement Act of 1911."

SECTION 5: Notice is hereby given that on Thursday the 26th day of June, 1924, at the hour of 7:30 o'clock P. M. of said day, in the Council Chambers of the Board of Trustees of said City of Sierra Madre in the City Hall of said City, located in Room F, Kersting Court, in said City, any and all persons having any objections to said proposed work or improvement or to the extent of the District to be assessed, or both, may appear before said Board of Trustees, and show cause why said proposed improvement should not be carried out in accordance with this resolution.

SECTION 6: All the proceedings for the aforesaid improvement and for the issuance of bonds shall be had and taken under and in accordance with an Act of the Legislature of the State of California, known and designated as the "Improvement Act of 1911," approved April 7, 1911, and under all Acts supplementary thereto or amendatory thereof.

SECTION 7: The Superintendent of Streets shall immediately post or cause to be posted conspicuously along the line of said contemplated work or improvement and along all of the open streets within the district liable to be assessed, notices of the passage of this Resolution in the manner and in the form required by law.

SECTION 8: The City Clerk shall certify to the passage of this Resolution and shall cause the same to be published twice in the Sierra Madre News, a weekly newspaper published and circulated in said City of Sierra Madre and hereby designated for that purpose.

Adopted and approved this 29th day of May, 1924.

J. D. SPARKS,

President of the Board of Trustees of the City of Sierra Madre.

(Seal)

L. DIETZ,

City Clerk of the City of Sierra Madre.

STATE OF CALIFORNIA

CITY OF SIERRA MADRE—ss.

I, L. Dietz, City Clerk of the City of Sierra Madre, Do hereby certify that the foregoing Resolution of Intention was duly adopted by the Board of Trustees of the City of Sierra Madre, State of California, and signed by the President of said Board, at a regular meeting thereof, held on the 29th day of May, 1924, by the following vote, to-wit:

AYES: Trustees, Karicofe, Porter, Topping and Sparks.

NOES: None.

ABSENT: Trustee Bacon.

City Clerk of the City of

(Seal) L. DIETZ,

Sierra Madre.

### MONROVIA IS PESTERED BY ODD TRIANGLE

Just to show that "our own" is not particularly different from others in its little differences of opinion and neighborhood squabbles, the following story is reprinted from the Monrovia News. Perhaps local officials can find some comfort in the troubles of their illustrious contemporaries:

Trustee Thomas Hayes is authority for the statement that there is only one cow north of White Oak avenue, and the Honorable Board of Trustees give thanks to the sacred Buddha, which graces their council table, that there are no more.

When is a cow not a cow? You have heard the old riddle many times, and it usually winds up something like this: When it is a nuisance.

That is one of the questions relative to the one cow north of White Oak avenue, which is causing the trustees much worry. Is she a nuisance, and, if so, what are you going to do about it?

#### Cow vs. Neighbor

Another question relative to this cow north of White Oak avenue is: Which is the more valuable to Monrovia, this one cow or a neighboring family? This job of city trustee is a great life, if you do not weaken.

This one cow north of White Oak avenue has been causing Buddha to smile for several months. It seems that there is a gentleman in the extreme north edge of Monrovia who has a very nice home, in which he enjoys living, but several hundred feet to the south of him is a neighbor who owns this one cow north of White Oak avenue.

The complaining gentleman states that the odors, attendant upon the presence of this cow, are very offensive, particularly as most of our breeze comes from the south, and further that approaching warm weather is causing his front porch to become a rendezvous for flies, drawn to the neighborhood by the presence of this cow, and still further, that if this cow is not removed, he is going to pack his belongings and move back to Long Beach, where they presumably do not have cows.

#### Passing It Around

This cow has persisted in intruding at every council session, much to the discomfiture of that august body and first they picked on the city health officer.

But, alas, the health department reported that they had found the premises over which this cow reigns, to be in a very clean and sanitary condition, meeting with entire approval of the health custodians.

Last night this one cow north of White Oak avenue again invaded the council chamber, and this time the City Planning Commission is to be the goat.

The idea this time is to try to "zone out" this cow, all other means apparently having failed. The question seems to be whether this cow shall be classed as residential, business, light or heavy industrial. A. J. Little and his group of city shapers are now weighing this bovine problem and expect to report in the near future.

Shall or shall not a cow be allowed to chew her cud north of White Oak avenue? To be or not to be—that's the question.

#### Goats, Cows, Chickens

And now the triangle is complete—the goat, the chicken and the cow. They are always with us.

About three years ago the trustees had a similar difficulty with a goat, and ever since the goats have invaded the council chamber with annoying frequency. The council admits they do not know who got the worst of it—they or the goats.

Monrovia's chickens have also persisted in roosting upon the council table at frequent intervals when some one's feathered flock invades a neighboring garden. A city ordinance prohibits more than 25 chickens to a 50 by 150 lot, but enforcement of the law is impossible in the southern sections of the city, where chicken ranches prevail. So occasionally the chickens fly the coop.

And now the cow has come into her own. Soon the zoning ordinance will endeavor to drive boosy south of White Oak avenue.

In the meantime, if you wish to leave a council meeting in the quickest possible manner, mention something about the eternal triangle—the goat, the chicken and the cow.

R. S. Jensen left Thursday for Seattle. He expects to be absent about ten days, returning in time for the public school graduation exercises.

### Lodge Meeting Is Postponed

There will be no meeting of Sierra Madre Lodge No. 408 next Tuesday night, the meeting shown on the calendar for that night having been postponed.

### ELECTRIC FAN IS DESCENDED FROM ANCIENT FAMILY

The history of the fan goes back to remote ages, according to G. I. Farman of the Sierra Madre Electric company. From being merely utilitarian it became also ornamental and ceremonial. For instance, in the tomb of Amenhotep, of the eighteenth dynasty of Egypt, who reigned seventeen centuries before the Christian era, was found the handle of one of the feather fans used for ceremonial purposes, and a basin of Sennacherib, king of Assyria, shows the monarch surrounded by fair bearers.

It remained for the nineteenth century, however, to substitute electricity for human labor in the work of operating fans. The first patent for an electric fan on record in the United States Patent office was taken out in 1854. It was for a large fan blade, somewhat similar to the blades now seen on ceiling fans, and designed to be run, through a system of gears, by an electric motor. It is possible, however, if not probable, that the idea had been carried into effect by others before patenting, as similar blades were run by spring motors much earlier than the date of this patent. It was an easy step to substitute an electric motor for a spring motor, especially as the electric motors of that day were not powerful enough for much heavier work, and fans offered a field of real service for these new power units.

When electricity from central power stations became available for use, the electric fan began to become popular and its manufacture began in earnest about 1890. A few years later the ceiling fan was introduced, and since that time the production of household, desk, bracket, ceiling and ventilating fans has expanded enormously.

For ages the fan has been the friend of the rich and poor. It is the friend of both today; but in ancient days it was only the wealthy who could have fair bearers, whereas the electric fan of today works as cheerfully and as efficiently in the humble home as it does in a palace.

Always ready to start cooling the atmosphere at the snap or turn of a switch, easily transported from room to room, tireless, efficient, it has come to be indispensable.

Thus, ancient of lineage though it is, the modern fan is decidedly a thoroughly modern article and a twentieth century necessity—and the more so because it is not restricted in its usefulness to one season only but, when its summer work is done, it readily turns to the task of distributing the heat of the hot air register or the steam radiator throughout the room during winter.

### CHURCH NOTES

ST. RITA'S CATHOLIC CHURCH  
Corner Baldwin and Alegria avenues; Rev. Peter Hanley, rector.

Sundays and Holy Days of Obligation, masses at 7:30 and 9:00 a. m. Week days, mass at 7:00 a. m. First Friday mass, 7:30 a. m. Confessions Saturdays 3:00 p. m. to 6:00 p. m., 7:30 to 9:00 p. m.
